**GLOSSARY**

[View Full Glossary](#)

**Accident**

CARFAX receives information on accidents in most states when an official police report is filed. Not all accidents are reported to the Police. The level of detail in the accident record varies by state depending on the state's accident report requirements. CARFAX recommends you obtain a vehicle inspection from your dealer or an independent mechanic for any car involved in an accident.

- According to the National Safety Council, Injury Facts, 2003 edition, 12% of the 243 million registered vehicles in the U.S. were involved in an accident in 2002. Over 90% of these were considered minor or moderate.
- CARFAX depends on public and private sources for its accident data. Each one of these sources has different processing times. CARFAX can only report what is in our database on 17.Apr.2007 22:42:58. New data will result in a change to this report.

**Texas Police Reports:**

- Provide an estimate of the extent of damage in its accident reports for the following:
  - MINOR: The accident damage does not affect the operation of the vehicle. Examples include dented bumpers, fenders, grills and body panels. This level of accident should not compromise vehicle safety.
- Are required if the estimated damage exceeds \$1000
- Are released to CARFAX approximately 1 month after the accident date

**First Owner**

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

**New Owner Reported**

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

**Ownership History**

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1994 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

**Rental**

Vehicle was registered by a rental agency.

**Title Issued**

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
